Badger Families,

On behalf of the Transportation and Operations Staff, we thank you for being flexible during this difficult school year. Bennington Public Schools is pleased to announce we have made changes to your student's route to help alleviate overcrowding. You will receive a letter via email containing updated bus routing information for the AM & PM routes starting September 1, 2021. **Please note that your student's stop locations, times, and bus numbers have likely changed.**

Routes that are changing 9/1/2021: 2, 3, 4, 9, 11, and 16

Certain neighborhoods will be serviced by two buses, one for middle / high school only and one for elementary school only. This could result in siblings who once rode the bus together, possibly being split onto two different buses. This decision did not come lightly for our administration and we certainly understand concerns with such a change. Making this change not only allows for a shorter ride time it also helps alleviate overcrowding.

Parents are highly encouraged to download the "Traversa Ride 360" mobile application. This app enables you to track your student's bus, ridership, and most importantly, the arrival time for your student's bus. The app can be found in the google play store or on Apple's app store. Please visit our website at <http://transportation.benningtonschools.org> for more information. Your new routing information should appear on the app this weekend.

Transportation Staff
